

WHAT IS RSPCA AWARE?

RSPCA AWARE (Animal Wellbeing: Awareness, Responsibility and Education)

is a free educational platform paving the way in Animal Welfare education nationally! As the state's leading Animal Welfare charity, RSPCA believes that a focus on prevention of cruelty starts with education and community engagement. RSPCA AWARE does just that.

RSPCA AWARE Teacher's Portal is designed for primary and middle school teachers looking for engaging innovative resources. Providing real world, meaningful contexts for teaching and learning, these downloadable units and resource materials are specifically tailored to align with the Australian National Curriculum.

Students will gain age appropriate, real life knowledge to develop empathy, compassion, respect, and responsibility for the lives of all living things, nurturing students to become animal advocates.

FREE EDUCATION RESOURCES FOR STUDENTS AND TEACHERS!

WHY TEACH ANIMAL WELFARE TO CHILDREN?

Animals have a significant presence in society whether it be within our own homes or surrounding environments.

Between 2019-2020 RSPCA reported the following:

61% of households in
Australia own pets

RSPCA Qld cared for more than
50,000 domestic and wild animals

RSPCA Qld inspectors actioned
over 18,000 cruelty complaints

To help break the cycle of animal cruelty, we believe Animal Welfare education must be a key focus in the lives of our young people.

FUNDRAISING

To further engage your school or classroom we have exciting fundraising opportunities for your students! Our education officer, Karina, will be in touch to discuss such opportunities with you.
